Mr. John Roberts

Dear Mr. Roberts:

This has taken me significantly longer to send this information to you than I anticipated -- my apologies for the delay. Enclosed you will find a project description, a survey, and some more information on the Chiate/Wildman easement held by the Coastal Conservancy. I would appreciate it if you could return to me, by mid-January, the following:

1. An estimate for completing the work products outlined in the project description.
2. A statement of qualifications.

I am not sure who would be the subcontractors for this work. There is a retired engineer [William Weeger (310) 457-4586] who lives in the area and knows the site. Perhaps he can recommend local engineers?

If you have any questions, please let me know at 510-286-0753. I'll be out from Dec. 21 to Jan. 2.

Sincerely,

A handwritten signature in cursive script that reads 'Brenda Buxton'.
